<https://www.linkedin.com/in/nishant-dave-6104233a/>

Objective:

Motivated and self-taught individual with a passion for web development using Python, JavaScript, and ReactJS. Seeking a position to apply and expand upon my programming skills in a dynamic and collaborative environment.

Education:

B.E. Information Technology

Marwadi Education Foundation Group of Institutes, 2015

Technical Skills:

- | | |
|-------------------------|--|
| • Programming Languages | Python, JavaScript |
| • Web Technologies | HTML, CSS |
| • Frameworks | Django (Python), Bootstrap |
| • Version Control | Git |
| • Database Management | SQL (PostgreSQL) |
| • Development Tools | Visual Studio Code |
| • Data Analytics skills | PyCharm |
| • Soft skills | Data Analysis, Strong problem-solving, Communication, and Teamwork |

Experience:

1. Software Development (Self-Learning)

- Actively pursuing self-directed learning in Web development through online courses and practical projects.
- Utilizing HTML, CSS, and JavaScript for responsive design and interactivity.
- Building a portfolio of projects to showcase practical application of Python programming concepts.

2. Account Manager (Delivery)

Risebird, Bangalore (Aug 2021 – Nov 2022)

Clients: Adobe, UST US, Mphasis (US, Canada)

- Managed and maintained relationships with key clients, including Adobe India, UST US, and Mphasis US, Canada.
- Acted as a senior point of contact, demonstrating a deep understanding of client needs and ensuring satisfaction.
- Utilized Tableau and SQL (PostgreSQL) for data analysis, visualization, and business intelligence, enhancing decision-making processes.
- Initiated self-learning in Tableau and PostgreSQL to improve data visualization capabilities for effective client presentations and reporting.

3. Team Lead

Tenure: 2 years

Client: IBM

- Led a team of 4 recruiters fulfilling recruitment needs for IBM, providing guidance and support to ensure team success.
- Collaborated with IBM's talent acquisition team to align recruitment strategies with business objectives.
- Implemented innovative sourcing methods to attract top talent, conducted performance reviews, and managed client relationships.

4. Technical Recruitment

Tenure: 3 years

Clients: Wipro, Capgemini, TCS, Microsoft, etc.

- Built strong relationships with clients to understand hiring needs and successfully placed candidates in renowned companies.
- Utilized various sourcing methods, including job websites, social media, and professional networks.
- Managed end-to-end hiring process, including negotiations and communication with clients.
- Stayed updated with the latest technology trends to provide clients with informed advice.

Regards,

Nishant Dave
